# About Smart Rugby

Smart Rugby is the Australian Rugby Union's flagship course for building coach and match official understanding of safety considerations both on and off the field.

Many coaches and match officials in Australia receive their Smart Rugby accreditation each year. Their dedication helps to make our game safer and more enjoyable to play.

There are four Smart Rugby modules designed to help you build your understanding of the theory and application of Smart Rugby principles:

1. Introduction to Smart Rugby
2. Playing Smart - Tackle, Ruck and Maul
3. Playing Smart - Set Pieces
4. Blue Card

The Introduction to Smart Rugby module provides up-to-date information on your due diligence and code of conduct responsibilities as well as common injury and injury prevention measures you need to be familiar with if you're involved in the game. This includes the Rugby AU serious injury and concussion management protocols. You'll hear from coaches, match officials, players and club officials about what Smart Rugby means to their role.

The two Playing Smart modules concentrate on the contact aspects of the Rugby game and provide best practice recommendations for ensuring injuries are prevented or otherwise safely managed.

## Course Details

This is an online course with interactive elements and assessments throughout.

**MINIMUM AGE:** 13 years old.

You must complete all four modules and pass all the assessments in order to receive your Smart Rugby accreditation.

The following slides (9-12) detail how to navigate Rugby Xplorer and access the course
