

29th June 2021

Hello Downs Rugby Community,

What a day in Rugby and indeed for Queensland.

Based on the [health advice and restrictions introduced by the Queensland Government this morning](#), QRU and Downs Rugby have taken a prudent approach to ensure the health and safety of all our players and volunteers are taken seriously. As you can imagine, it's with great disappointment that I advise you that the State Championships event **will not be proceeding** from this Friday 2nd July at Downlands College.

At this point in time, we are making many phone calls and sending many emails to ensure everyone is aware of the cancellation. This work is very important in minimising the financial impact to us all. There will be another email advice issued by the end of this week to provide you with further information. To allow us at Downs Rugby to continue this work, I ask you to please hold your questions until tomorrow afternoon. If you have an urgent request, please contact Matt Hammond, General Manager, in the first instance with your enquiries. Details below.

I thank Debbie Dann, Events Coordinator for her phenomenal efforts on this continuing situation. Downs Rugby thanks all our valued sponsors, volunteers, coaching, management, parents, medical, contractors and stakeholders for your patience during this time.

If you have any queries, please call me on 0431 134 236 or reply e-mail.

Regards,

Matt Hammond | General Manager
